COAD4kids
 Helping Families and
 Child Care Providers

4 COMMUNITIES

We collaborate with agencies and businesses throughout the region to bring resources to our local communities.

We provide customized trend reports on child care service availability and demand in your community.

COAD4kids services help employers create a family-friendly environment.

4 FAMILIES

COAD4kids is your first stop when looking for child care. We offer free consultations, parent education classes, and child care referral services.

We provide support to families throughout Appalachian Ohio to connect them with resources in their local communities and throughout the state.

4 PROVIDERS

If you're a child care provider or thinking about starting a child care business, we have many available services to help.

Our staff provide trainings on a variety of Ohio-Approved and health & safety topics. We can also provide technical assistance and have many additional resources to support your child care business.

Most of these services are provided at no cost for child care professionals.

4 FOSTER FAMILIES

COAD4kids assists prospective foster families with choosing an agency, and we provide information and resources on foster, adoption, and kinship care.

We offer support throughout the entire licensing process and can help with paying for background checks, providing safety items for home assessments, and more.

We also partner with private and public agencies to help with recruitment and retention of foster families.
